

## MARINE CYLINDERS

Manchester Tank's lightweight, corrosion-resistant Aluminum Marine Cylinders are commonly used in recreational and commercial marine or boat applications.

### Features:

- Cylinders comply with Department of Transportation (DOT) 4E240 and Transport Canada (TC) 4EM16 specifications.
- Sizes range from 10 lb. to 33.5 lb.
- Available for vertical or horizontal applications.
- Equipped with Overfill Prevention Device (OPD).
- Aluminum marine cylinders are shot blasted, resulting in a textured finish. This manufacturing process is environmentally friendly, creating a "Green" working environment for our employees.
- Made in the U.S.A.
