LP GAS INDUSTRIAL WELDING CYLINDERS

Manchester Tank offers a full range of refillable and reusable Industrial Welding Cylinders for use in many commercial and industrial welding gas applications. Our cylinders are durable and reliable for use with all your portable welding, cutting or brazing equipment.

Features:

- For low pressure welding gases such as Propylene, HPG, FG2, Apache, Mapp, Flamex, Chem-O-Line and Propane
- Conforms with strict compliance to DOT specification 4BW260
- White powder coat finish for maximum rust protection
- Cap or collar top available
- Made in the U.S.A.

Manchester Tank & Equipment Co.

1000 Corporate Centre Drive, Suite 300
